

Music Therapy Pricing 2022

The cost for our music therapy program in 2022 is \$150.00 per hour. This applies to all services including therapy, therapist travel, and report writing. Where a session is shared among multiple participants, the hourly cost is divided equally among them.

Where an arrangement has been made for sessions to be delivered somewhere other than at WollCon's premise in Keiraville, travel cost will be involved.

Travel is charged for the round trip, in units of 15 minutes, with a 30-minute minimum cost.
